# AS A MEMBER

## WHAT DOES THIS ALL MEAN FOR ME?

We are now finalising the strategy implementation plan to turn words into actions. We will have many new member programmes and services which include:

**Future Business Council** to host a high-level dialogue between employers and sector leaders on graduate skills and leading change

**Emerging Leaders Training Scheme** to support the skill and career development of members with a mandate for institutional and cross-sector behaviour change

**A Business Case** to empower sustainability leaders making the case

**EAUC Fellow Awards** and volunteer logging to ensure member contributions to the EAUC are recognised and rewarded

**Driving Sustainability Leadership Executive Programme** a place for leaders of sustainability and institutions to meet and develop a shared language and approach to change

The EAUC represents institutions with over 2 million students and nearly 400,000 staff with a spending budget of over £25 billion. We exist to lead and empower the post-16 education sector to make sustainability 'just good business'.
